- Web Development
- Pandas

👤 PROFILE

I'm an aspiring **software developer** from Estonia passionate about **technology, innovation, and building systems** that make a real impact.

My goal is to work on projects that have global potential - improving how people live, work, and connect through technology.

I'm looking for an **apprenticeship or volunteer opportunity** in a tech company where I can grow and contribute to solutions that matter!

📁 PROJECTS

Portfolio Website

HTML, CSS, JavaScript

Personal portfolio hosted on GitHub Pages showcasing projects and skills.

🔗 [Look on GitHub](#) ↗

Sales Data Analysis

Python, Pandas

A Jupyter Notebook analyzing sales data to extract meaningful insights.

🔗 [Look on GitHub](#) ↗

Weather Checker

Python, API

A Python script that fetches real-time weather information from an API.
